WELCOME IN WARSAW

This brochure is for you – migrants who are newly residents of our town. We've gathered here all the useful information about institutions and offices.

We would like you to know what your rights and obligations in Poland are, and where you can look for information or help in particular situations. This booklet is a guide to how our town is organised and where can you settle various matters.

According to Polish legislation concerning foreigners, the rights of migrants vary depending on their legal status and the type of document that entitles a particular person to stay in Poland. Therefore, not every migrant has the same right regarding health care or employment. Not everyone has access to the services provided by the Employment Office (Urząd Pracy) – but many people do!

It is good to know that there are various opportunities available to everyone regardless of their legal status, such as the

possibility of medical assistance in life-threatening situations, or access to a library or museum. Also, it is worth knowing that there are non-governmental organisations in Poland that offer a variety of assistance for free.

The key thing is: each of you has the right to be treated equally, to be safe, to have equality in the workplace, to be respected.

We wish you to benefit from these rights in Poland as much as possible.

LEGALISATION OF STAY

Matters related to the legalisation of stay in Poland (changes of residence card, applying for a new card), registration of invitations, issuing work permits, registration of stay of EU citizens, financial benefits for the Card of the Pole (Karta Polaka) holders and matters related to obtaining Polish citizenship shall be dealt with in the Voivodeship Office (Urząd Wojewódzki). The Office for Foreigners in the Mazovian Voivodeship Office serves foreigners in two locations. The head office is the place where you can handle all matters except your permanent residence. All correspondence from the Mazovian Voivodeship Office should also be addressed to the Marszałkowska Street office.

For a personal submission of the application, in the Office (which allows verification of the documents and obtaining a stamp in the passport legalising further stay when the documents are complete), an appointment must be made via the online form. You can also submit your application to the registrar's office or send it by post. The form and other information about legalisation of stay are available on the website:

ADMINISTRATIVE MATTERS

Most of the administrative matters in Warsaw are dealt with in the offices of the specific district in which a particular person lives. There are 18 districts in Warsaw. Each of them has its own District Office (Urząd Dzielnicy) where you settle matters such as registration, driving licence, vehicle registration, getting married or registering the birth of a child. In some cases all the departments of the District Office are located in one place, in other cases – in different places.

REGISTRATION OF RESIDENCE

According to the Act of 24 September 2010 on Registration of Population, a foreigner from outside the European Union is obliged to register residence if his/her stay in Poland is longer than 30 days.

The registration should be made within 4 days from the date of taking up residence in a given place. This procedure is free of charge.

You can obtain the registration of residence at the branches of Administration and Citizen Affairs Office (Biuro Administracji i Spraw Obywatelskich) in particular districts of Warsaw (in the table above). You can find information about what documents are required and how to register residence here (in Polish and English):

📄 <https://warszawa19115.pl/->

/zameldowanie-na-pobyt-czasowy-cudzoziemcow

-oraz-obywateli-panstw-czlonkowskich-unii-europejskiej

-i-czlonkow-ich-rodzin

It is possible to register residence of a foreigner only up to the expiry date of his/her document entitling him/her to stay in Poland.

REGISTRY OFFICE RECORDS

Getting married, obtaining a document confirming marriage or death, registering a newborn child – such matters are settled at the Registry Office (Urządzie Stanu Cywilnego). Every district of Warsaw has its own Registry Office. Their addresses (not always the same as the head office of the District Office) are available here (only in Polish):

© <https://usc.um.warszawa.pl/siedziby-usc>

For those who are not registered in any district, the Registry Office of the Śródmieście District (Urząd Stanu Cywilnego Dzielnicy Śródmieście) is the relevant authority.

VEHICLE REGISTRATIONS

The purchase of a car in Poland or the purchase of a car from a foreign country requires registration in Poland, within 30 days from the purchase of the car. Car insurance is a compulsory condition for the registration. Registration is conducted at the Administration and Civil Affairs Office (Biuro Administracji i Spraw Obywatelskich) at Kruczkowskiego 2 Street in Warsaw.

Car insurance must be purchased independently, from the insurance company of your choice.

DRIVING LICENCE

For people coming from most countries outside the EU, driving licences are valid for 6 months from the date of beginning of their permanent or temporary residence in Poland. After this period, if you plan a further stay in Poland, you must replace your foreign driving licence with a Polish one. This procedure is carried out in the District Office.

It is worth to know that a driver may hold only one valid driving licence - at the moment of obtaining a Polish document, a foreigner loses the driving licence issued in the country of his/her origin.

JOB

Generally, foreigners need a work permit to take up a job in Poland. The permit is issued for a specific position to work for a specific employer. Changing the employer requires a change of the work permit.

Sometimes the status of a foreigner entitles to take up a job without a work

permit: this right is granted, for example, to graduates of Polish universities or persons who have been granted international protection (refugees and persons under subsidiary protection).

There are also certain types of work that do not require foreigners to have a work permit (for example, teaching foreign languages in state schools or occasional artistic activities).

You can find out more about the rights of foreigners to take up jobs in Poland here (information in Polish, Russian and English):

Here you can find job offers. Depending on their legal status, foreigners can also benefit from other support offered by the Employment Office (Urząd Pracy): vocational courses and trainings, counselling on job-seeking, changing jobs, and acquiring new skills, as well as subsidies for starting their own businesses.

TAXES

Every legally employed person pays tax which is paid to the Tax Office (Urząd Skarbowy) by the employer. Once a year (until the end of April) it is necessary to pay tax for the previous year - the employee either pays extra tax due or receives a refund from the Office if the tax paid during the year was too high. If you are employed on an employment agreement for a single employer and you are not entitled to any tax relief, the tax system will settle your tax automatically. However, if you have worked for different employers in the last year (e.g. for a specific job, contract of mandate) or if you can apply for e.g. child tax relief, you have to settle your PIT (tax return) on your own. You will do this at the Tax Office competent for the employee's place of living during the last year (not necessarily the place of residence). You can also ask a non-governmental organisation, such as the Polish Migration Forum Foundation, for help in completing your tax declaration.

INSURANCE

Everyone who works legally (on an employment contract or commission agree-

ment) in Poland is covered by mandatory social security and health insurance – the employer pays contributions to Social Insurance Institution (Zakład Ubezpieczeń Społecznych, ZUS) on behalf of the employee. The employee may also include his children or other close family members in the insurance. The employee may also declare to their employer that they wish to pay a sickness contribution which entitles them to receive a benefit if they get ill (this means lower take-home pay).

The employee can also verify on their own whether their employer is complying with their obligations regarding ZUS contributions. More information (in Polish):

If a foreigner is unemployed and doesn't have health insurance, they can buy voluntary health insurance in National Health Fund (Narodowy Fundusz Zdrowia, contact details below), which entitles them to use the public health service (in November 2020, its monthly cost is approximately PLN 470).

There is also a large number of insurance companies in Warsaw offering health insurance in private clinics and hospitals. We recommend you to compare their offers and check the scope of insurance very carefully.

FREE LEGAL AID

There are about 20 points in Warsaw where people who cannot afford to pay for legal aid can receive free legal advice from a lawyer. This assistance is available at the District Offices, libraries or cultural centres. The assistance does not concern the legalisation of stay. The aid concerning conducting business and matters related to this is not provided either.

The free assistance may concern labour, civil, criminal, family and other areas of law. In order to receive advice, you must provide an ID document. It is also necessary to fill in a declaration that you are unable to cover the costs of the counselling yourself.

You can find information about legal aid points here (in Polish and English):

 <http://www.um.warszawa.pl/nieodplatnapomocprawna>

What is more, there are several organisations in Warsaw that also provide free advice on the legalisation of stay. We provide information about them in the section “Non-governmental organisations”.

.....

SOCIAL ASSISTANCE

The possibility to benefit from social assistance in Poland depends on the foreigner's legal status. As a general rule, support from assistance institutions may

be provided to persons who have the permanent residence right in Poland (permanent residence card, EU long-term residence, refugee status or subsidiary protection), as well as to some persons who have a temporary residence permit (this depends on the basis on which the permit was issued).

Other persons with a temporary residence permit in Poland are entitled to receive aid in the form of shelter or food in certain cases. Detailed information about the possibilities of assistance is available at the social assistance centres in the districts.

THE SUPPORT SYSTEM IN WARSAW CONSISTS OF SEVERAL TYPES OF FACILITIES AND SERVICES:

Crisis Intervention

If you are experiencing violence or for any other reason find yourself in a crisis

caused by an emergency situation, you can receive psychological, legal, psychiatric and social assistance (including a hostel) at the Warsaw Crisis Intervention Centre (Warszawski Ośrodek Interwencji Kryzysowej). The centre also provides help to the homeless people - here you can find up-to-date information on support centres for the homeless in Warsaw.

The facility offers a hostel available to persons with the right of permanent stay in Poland. Other forms of support provided by the centre are available to migrants regardless of their legal status.

EDUCATION

In Poland, every child up to the age of 18 is obliged to be educated - regardless of the legal status and nationality of the parents. Warsaw provides opportunities for education at every level. There are also schools for adults here.

The parents, together with their child, can choose which school they want to send their child to. The school can decide whether to admit the child or not, depending on whether it has a vacancy in the class. However, a child cannot be refused admission to a "district" school - that is, a school to which the child belongs because of their place of living.

YOU CAN FIND A LIST OF SCHOOLS IN WARSAW

IN THE FORM OF A BROWSER AVAILABLE IN POLISH AND ENGLISH:

🌐 : <http://www.kuratorium.waw.pl/pl/form/3,Wykaz-szkol-i-placowek.html>

Some of the state schools are particularly well prepared for the education of children with migration experience – they have so-called preparation departments. In those departments - usually for 2 semesters - children who have recently moved to Poland are taught. Education in the preparatory department mainly focuses on learning the Polish language. When the teacher assesses that the pupil speaks

Polish well enough, the child joins a regular class where the subject lessons and the core curriculum are carried out.

It is worth mentioning that apart from state schools, run by the State, there are also private and community schools in Warsaw (both are fee-paid schools). There is a network of bilingual schools, foreign-language schools run at the embassies, and Saturday schools, for example for Russian- and Ukrainian-speaking children. We recommend you to look for the information about these facilities through the embassy of your home country.

LEARNING POLISH LANGUAGE

There are many schools in Warsaw that offer courses of Polish as a second language. Several NGOs also have free or partially paid courses.

ORGANISATIONS WHICH OFFER POLISH LANGUAGE COURSES:

- ☉ : Linguae Mundi Foundation,
- ☉ : Foundation for Somalia (Fundacja dla Somalii),
- ☉ : Ocalenie Foundation,
- ☉ : FROG,
- ☉ : Old Town Cultural Centre (Staromiejski Dom Kultury)
- ☉ : Jesuit Social Centre "In Action" (Jezuickie Centrum Społeczne „W Akcji”)
- ☉ : The Warsaw Multicultural Centre (Warszawskie Centrum Wielokulturowe).

You can find contact details for these organisations in the section "Non-governmental organisations".

VOLUNTARY SERVICE

Warsaw offers many volunteering opportunities of various kinds. Information on volunteering opportunities can be found, for example, on the website (in Polish only):

☉ <https://ochotnicy.waw.pl/>

Also, almost all Warsaw universities have volunteer centres. Many NGOs and cultural institutions benefit from the work of volunteers, too.

AMBULANCE SERVICES

The public health care system in Poland works on the basis of insurance - contributions paid to the Social Insurance Institution (more on this in the chapter about ZUS). In state hospitals and clinics, you can only receive free treatment if you have health insurance. Only life-saving help is free for everyone.

Currently, the public medical care system in Poland is not performing very well. Not all services are available even to people who have insurance. As a result, many insured Poles choose paid medical services.

AMBULANCE SERVICES

112 OR 999

THESE ARE EMERGENCY TELEPHONE NUMBERS FOR HEALTH CARE-RELATED CASES

On the basis of the conversation, the ambulance worker decides whether to send an ambulance to the patient or not. As a general rule, an ambulance will only come for a patient in an immediate life-threatening situation.

Note that a patient may receive a bill for an unjustified ambulance call!

HOSPITALS

There are many hospitals in Warsaw, including numerous specialist hospitals. Except from emergencies, you can access hospitals after receiving a referral from your doctor.

ACCIDENT & EMERGENCY

HEALTH CENTRES PRIMARY HEALTH CARE

(PODSTAWOWA OPIEKA ZDROWOTNA)

POZs are health centres where you can find a family doctor, paediatrician, general practitioner or dentist. There are many Primary Health Care centres in Warsaw which function as public or private but contracted by the National Health Fund entities. Both forms of POZ are available to those who pay (either themselves or through their employer) a health contribution - they are insured.

Once you are insured, it is worth going to a health centre and register as a patient at the health centre that is most convenient for you (the one which is close to your home, your workplace, or convenient for other reasons). You can change your family doctor three times a year for free.

An interactive map of primary health care services is available on the website of the Mazovian branch of the National Health Fund:

MEDICAL CARE FOR UNINSURED PERSONS

According to Polish law, medical care for uninsured persons is only available for a payment. However, there is a non-governmental organisation in Warsaw which

provides free medical care to homeless people. It also supports uninsured foreigners who are unable to access other medical care. As the clinic doctors work on a voluntary basis, it is advisable to call before your appointment to check the possibility of a consultation.

PUBLIC TRANSPORT

TICKETS

Warsaw has a metro, buses, trams, a system of city bikes, electric scooters, as well as the car rental by the hour.

The same public transport tickets are valid for the metro, buses and trams, and also for trains travelling within Warsaw.

You can buy tickets at kiosks, ticket machines (occasionally available on newer trams and buses) or via smartphone apps (e.g. jakdojade.pl). Note! Tickets are not sold by bus or tram drivers. You have to validate your ticket in the ticket validator after getting on the vehicle or at the metro gate. Tickets for multiple trips need to be validated only on the first ride.

You can find the information on the types of tickets here

📄 <https://ztm.waw.pl>

🗣️ : in Polish and English

Regular users of public transport can apply for a city card which allows them to buy a ticket for one or three months. You can submit an online application for the card here

📄 <https://personalizacja.ztm.waw.pl/>

In order to do this, it is necessary to prepare an electronic version of a colour photograph (like for a passport). You can collect your card after a few days at a chosen passenger service point (they operate for example in metro stations).

WARSAW CITIZEN CARD (KARTA WARSZAWIAKA)

If you live in Warsaw and pay taxes there, you can apply for a Warsaw Citizen Card. The card entitles you to significant discounts on long-term public transport tickets. It also gives discounts on other services in the city: e.g. entrance to the swimming pool.

RIDING A BIKE

Warsaw has a growing network of bike paths. There is also a public bicycle sharing system called Veturilo. The first 20 minutes of ride is always for free, then the fees are charged. The use of a bike is possible after prior registration.

It is worth to know that there is an Open Bicycle Workshop in Warsaw (at the back of the Marketplace "Bazar Różyczkiego"). You can repair your bike there or buy a second-hand one inexpensively.

LIBRARIES

The only thing required to register at the library is an identity document - no PESEL or residence card is (almost always) necessary.

In many districts, the library system is interconnected - by registering at one library in a district, you can use all of the other libraries in that district.

You can find a list of Warsaw libraries here:
